SILO APPLICATION TESTIMONIAL

Fact file

Location: West Thurrock (UK)
Product: 2x PAS 75 Primasonics Acoustic Cleaners
Principal: Primasonics® International Ltd (UK)

The Testimonial

“Here at Castle Cement we have 2x PAS 75 Primasonics® Acoustic Cleaners fitted to each of our two silos. Our silos are of concrete construction, 30 metre high and 19 metre diameter. Since fittings these we have had no problems with product discharge and the product is more level with no major hang ups of product. Dust extractors are more efficient due to less product sticking to the elements. The Primasonics® Acoustic Cleaners work well on our silos with no detrimental effects”
